Positioned next to our open kitchen and benefiting from full height windows, the space is bathed in natural light throughout the day. Come the evening the lights are dimmed, and an abundance of candles lit to create a warm and atmospheric space. The room is fully air conditioned and perfectly cool even on the warmest of summer days.

Driven by quality sourcing and simple ingredient led cooking our feasting menu is a convivial and celebratory affair. Produce comes from our trusted suppliers who farm sustainably and in harmony with nature.

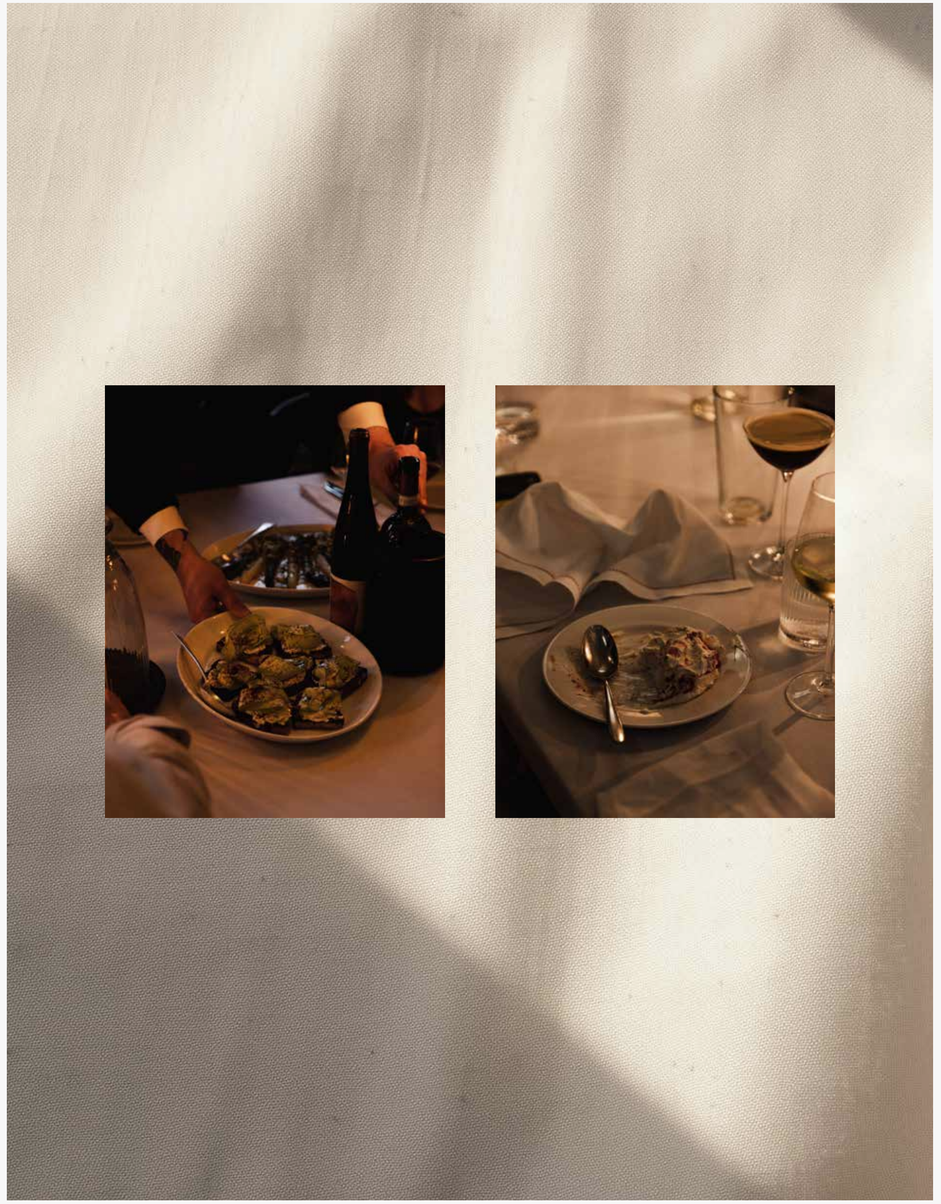

The feasting menu is served sharing style for the table and the format works as follows:

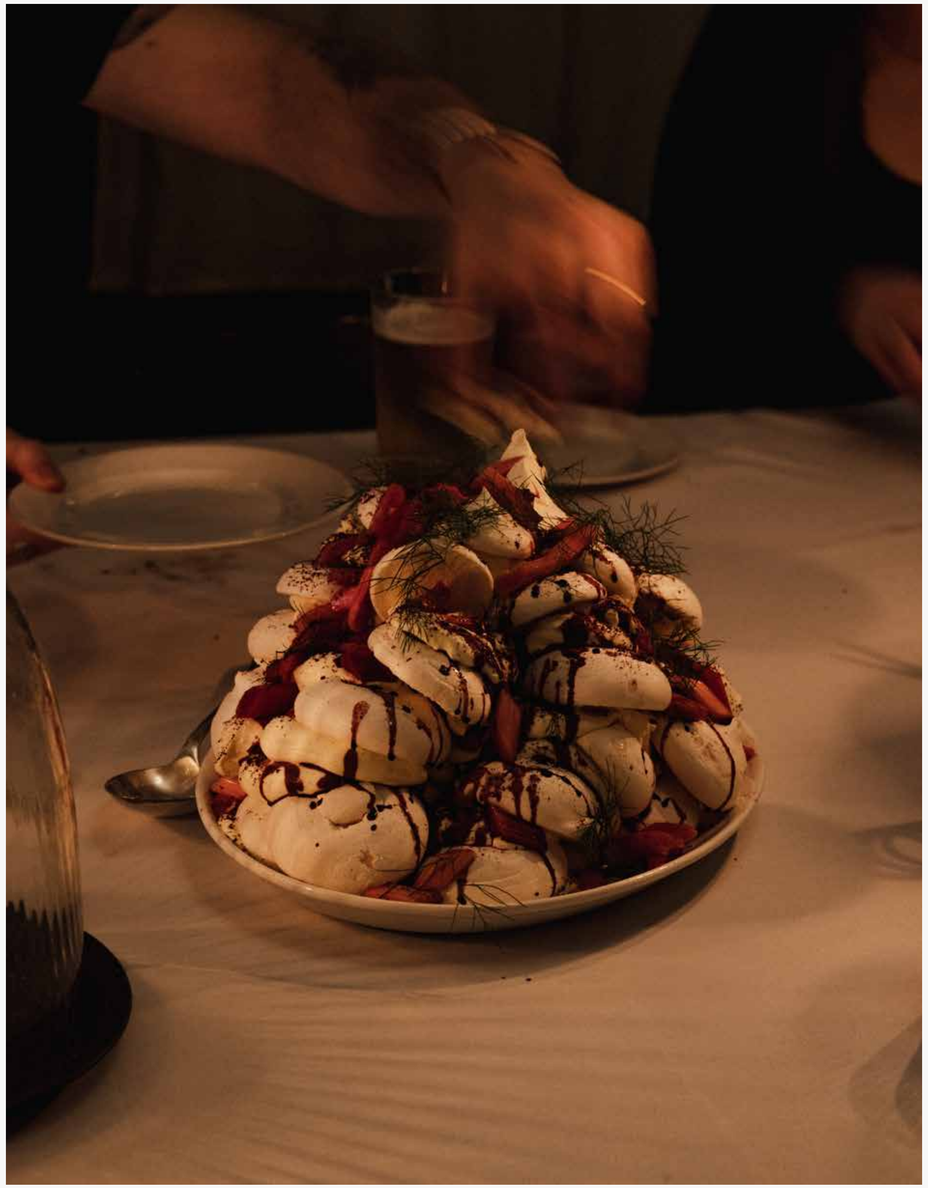

Starter — You may order 1, 2, or 3 options for guests to share.
Main Course — Please choose 1 option for all guests to share.
Dessert — Please choose 1 option for all guests to share.

Guests with allergies or dietary restrictions can be catered for outside of the feasting format. Please advise on specific needs when returning your preorder to us and we will then recommend a suitable option.
